

2024 Federal Priorities

2024 State Priorities

Courts to play a vital role in ensuring that all people have access to justice and that the legal system is fair and equitable. Courts should continue to support the work of the judicial branch and ensure that the courts are able to handle the caseload efficiently and effectively. Courts should also continue to support the work of the judicial branch and ensure that the courts are able to handle the caseload efficiently and effectively.

The courts should continue to support the work of the judicial branch and ensure that the courts are able to handle the caseload efficiently and effectively. The courts should also continue to support the work of the judicial branch and ensure that the courts are able to handle the caseload efficiently and effectively. The courts should also continue to support the work of the judicial branch and ensure that the courts are able to handle the caseload efficiently and effectively.
